Established in 1790.

The 'Frama' Welding Plant upsets all previous welding costs. Here is a list of some of its outstanding advantages.

Constant flame under any conditions.
Equal gas pressures at .75 atmosphere.
No flame regulation during working.
No oxidation or carbonisation of the weld.
No backfiring.
AND
a saving of 10% acetylene and 25% of oxygen.

Make Soldering Simpler! Speedier! SAFER!

Use the Solon Electric Soldering Iron—it's easier and cleaner. So convenient to reach awkward spots—no fear of the Iron cooling. And Solon electrically soldered contacts are more reliable.

No waste heat. Element clamped inside the bit. All heat generated passes straight into the bit.

Maximum heat at point of bit.

Constant heat assured. No fumes, no fire risks. Sturdily made. Conforms to the Home Office regulations.
